

25th July 2023

**TO WHOMSOEVER IT MAY CONCERN**

This is to certify that Mr. Gaurav Jain, ex-employee of Poshmark India Private Limited has worked on multiple projects that involve advanced programming skills while being in his last designation as Software Engineer I, Application Security.

One of the projects he worked on was to create an automation for our Software Composition Analysis tool. This automation was created using Python and is currently deployed in one of our cloud server mainframes. The automation uses multiple OOPs concepts including request handling, API handling, JSON data handling and manipulation to sort and report important alerts into our team's communication channel.

He also worked on another project that aimed to create and automate an indigenous secrets detection tool. This project was developed using Python as well. The project aimed to create a customized secrets detection framework in accordance with our company policies.

This letter is issued on Mr. Gaurav Jain's request. In case you have any questions regarding Mr. Gaurav's employment/experience, please contact the undersigned.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Prashant', with a stylized flourish at the end.

Prashant Kanakpura Venkatesh,  
Manager, Product Security
